

Friday 2

Your life would make an interesting book.

It would never be popular.

Why?

Too incomplete. Too anti-climactic. Besides, I could never find a satisfactory ending.

What's the difference? A period ends everything.

Life seldom ends with a period. It's usually a comma, after a subordinate clause which goes something like this: Arriving at the age when he was just beginning to enjoy life, comma. That should be the end.

Notes

What's the difference? Life ends with a period—a full stop.

From what I've observed it usually ends with a comma, after a subordinate clause, as follows: Arriving at an age when he was about to understand life, comma. That's usually the end of all human

- 1 What a wonderful world it would be if man's inspired
 moments were used as a medium of exchange.
- 2 There'd be a lot of counterfeit money around—from the
 trash I've heard.

A poem, a man's inspired moment as a medium of exchange.

Your elegance and style
Your inscrutable smile
Is like all [xxx] moments
Oh no you're just a tease
When I try to be bold
Then you are cold
Whenever I'm bold
Then you are cold
Your moods affect me greatly
All you do is frustrate me.
You think I'm such a bore
I know that I bore you
It's because I adore you.
