Beauty is a thing to understand
Its not a thing to understand it's a thing to be felt

The king is lonelier than anybody

Loyalty - How loyal would you be if I didn't have anything

The King is a Bachelor. - he's bitter - there's something
on the level about him - he didn't want to marry a princess

Girl - talks breaks down - she's a bit of a semi
intellectual:

You know what your performance meant to me, something so
moving to me, it's the loneliness you convey, you're so
lonely. The part has never been played that way! It was so
profoundly moving. You expressed the utter depths of
loneliness

What am I inbred decadent
What I need is a backbone. Clear healthy blood!
I'm inbred decadent

All these wonderful vistas open up -and it's too late

That's the tragedy of human nature, we all come to a
realisation, alone ourselves, too late!

"You represent power and money, you're a multi millionaire.
Of course I'm impressed!"

He's bitter, but honest - he's [xxx] but honest

[xxx] just coming up without saying a word

[xxx] for school, being sadistically traisted
