

Men who think deeply say little in ordinary conversations.

The most amusing toy, and the most valuable asset to man is the mind. More than the [xxx] organ, the mind can thrill and excite to the point of unconsciousness. Facts, known to science, have revealed that the emotions and sensations of sex have nothing to do with the [xxx] of the genital organs which only act as a transmitter to the mind, ~~which concerns itself with "ego excitement."~~

Ego excitement generates in the mind.
