

What is life but death dreaming

Is this life or death

Am I a seed of nothingness

A core of cosmic restlessness

~~What is life but death's dreaming~~

~~Of a brief desire in a whirl of space~~

~~Death's times [xxx] meeting no resistance~~

~~What is death but time meeting no resistance~~

What is life but time meeting resistance

A dream of brief desire [xxx] to no end

In the dream of eternal death.
