

## Biography

Mozart music expresses the laughter desire in aural fancy;  
the wistfull laughter of angels

Mozart music expresses the wistfull laughter of angels, the  
butterfly dancing over flower beds with the sunlight  
playing on the butterfly wings.

But Beethoven music sounds the depth of the soul, enough to  
enter the heavens, finally the air of mystery. It wanders  
into the heart of the forest loosing itself in the somber  
twilight, then emerging onto the [xxx] shore of eternity  
and resounding in [xxx] splendor, [xxx] the ocean depths in  
the even scales, sighing of futility.
