Secretly in love with boss's daughter. One scene with her when ~~they~~ mob goes to pull her from car as she enters factory.

Influences all his actions unbeknownst to her

He reads of her engagement, he is going to commit suicide.

He confronts her and says "You can't do this" and she doesn't know what he's talking about.

1st meeting - she visits the factory with her mother and he sees her and falls in love. She drops a handkerchief with her initials on it. Someone picks it up to blow nose and he starts a battle. Coming off with a black eye.

Love is life on a higher plain of existence.

~~love is~~ a splendid harmony of the inner self ~~that [xxx] two~~
~~people and~~ activating life - ~~higher plain of existence life~~
~~it is~~ a sacred bond of sympathy, breeding oneness ~~and~~
~~fulfilling the inner [xxx] of oneself~~ it is the fulfillment
of one's second self
with nature and the universe

~~love is a spiritual harmony two people to a higher plain of~~
~~existence~~

Love is a spiritual harmony that elevates two people to a
higher plain of existence and [xxx] its sacred realm [?],
two is its perfect unit.

It is a [xxx] of replenishing the soil [xxx] for a number of years of ploughing in and turning under our past experiences and watering them afresh with our new ~~impressions~~ ones. A greater power will grow, the soil of your mind will be more productive and you will reap a creative harvest.

And later

The soil of your mind will be more powerful and productive and a greater power

Communism must separate collective industrial economy from traditional [?] life and philosophy [?] of the unit

Communism must be divided into two distinct parts if it is to endure. It must separate the collective economical forces from the individually philosophical [?] forces

It must deal with the essentials and non essentials of life each having an important part in the ~~pursuit of happiness~~ individual's pursuit of happiness under these/their [?]
[xxx]

I would [xxx] the social system.

Recentralise [?] and [xxx] labour in the production.

labour in the production of all raw materials Labour in the
production of machine made goods on the other hand [xxx]
non-essentials art and amusement

~~all is~~

all experimental science
