

Whatever we did in bringing these treasures with us was done for the good of our country to safeguard the securities and treasures for one nation

Safeguard the wealth of our nation until the country is rid of these revolutionary robbers

Until the country rids itself of these revolutionary robbers

Your M, I'll answer that question. We took these treasures with us for the good of our country to safeguard the wealth for our nation until we can rid ourselves of these revolutionary robbers

Whatever we did was in the interest of our country. In safekeeping these treasures we are protecting the wealth of our country until we can rid ourselves of these rev. robbers

Oh, is that what you call it, safekeeping

The [xxx] are more important than people think

He's a dreamer?

I don't want to be ? any more. Let people do skulduggery
behind my back

Aim = part of culture

Most important part of cult is the aesthetic desire and
appetite

OTHER ANGLE other aspects

WANTS TO BE A RED

Goes to a meeting

Then can't get back to his own country

Non conformist

Just wont behave

He goes to a meeting and says [xxx]

Kicked out of country by the Revolution. He goes one
stronger, he wants to go back

Terrific explosion

Someone recognises him

"Comrade", goes sshh, no no

becomes a leader as a terrific red. Then they find out he
was King - out to kill him again.

Different attitudes, mean towards Mother

for the first time he's free - able to do what he likes,
marry who he likes

The man is a non conformist - it's the reason for the
revolution

The revolution is one of the things why they got rid of
him, either I'm a King or not a King

His instincts? are free

He can pursue

Here's a man that's free - can satisfy any worldly desire,
if he wants to be a bum, he can

This man is a test for freedom

Is this what he wants?

Is it going to bring him any happiness?

He's a non conformist

Its the reason for the revolution - which was a bourgeois
one

Gustaff is a non conformist. It's the reason he lost the
throne. Now that he is free he can satisfy any wordly
desire. He has untold wealth and no responsibility. He can
pursue any desire he likes, he is free. (His ministers try
to pin him down to responsibility but he won't have it) He
is a man with unique tastes and appetites. He is dedicated
to the arts. He has a flair for the theatre in all its
forms and expressions, opera, ballet, acting. He is also
interested in politics and the sciences. He is a modern
Leonardo da Vinci. He has schemes and ideas for everything,
for plumbing [?] etc

([xxx] a picture is - is in and out of trouble)

(they question his sanity)

He will listen to any [xxx] of crank that has a panacea

(The nihilist idea - you mark them - is he good or bad - it happens all over the world)

~~in contrast to what has been, he could never use his money as King~~

~~I can speak as I like I can be indiscreet~~

For the first time in my life I can be indiscreet. [I like the theatre] [I think there's good things about socialism bad things about] so forth. I can speak as I like, act as I like.

I can do what I could never do before

All my life I've been preoccupied with honour, dignity and a [xxx]er? acting the part of a [xxx]g

~~He's cast aside discretion. He does everything he wants to, he's got all the tea in China~~

You'll never get back on the throne.

You go sit on the throne yourself and leave me alone

Or "I don't want the throne, Sit on it yourself. I want adventure"

He can pursue any adventure or any walk of life

He can be a tramp if he wants to

A Let them. Now that I'm free I have a right to what you call my idiosyncracies. ~~I prefer the theatre. Other people~~

3 All my life I've sat in my stupid, creased? pants? upon a throne and held a sceptre. But now I'm free. As a private citizen

Why haven't I the right as anyone else to be a golfer a football player a bullfighter or a lion tamer

Is that any more insane than being an actor?

I sit on your [xxx]

As a King I can play golf and sit around in my stupid pants? waiting for the revolution to be over but because I want to be an actor I'm insane

2 But your M, ~~if you [xxx]~~ the throne will be lost forever

[xxx] - [xxx] All my life I've sat on your so and...
but now I'm free

4 Why haven't I the right to pursue my own hobby. As a King, I'm allowed to play golf. But to play [xxx], I'm insane

After the Beau Rivage

The Next Scene is the Hotel Beau Rivage, Lausanne, Switzerland

With his entourage, consisting of ministers, members of his Royal Household Staff

He was greeted by one of the members of the Royal Household an avant garde who had already made reservations for his Majesty

An astute trusted loyal servant

1 ~~I've engaged the two top floors your Highness] Maj~~

2 Is everything here? Said his Maj walking towards the elevator (walks to elev, entire following behind)

3 Yes your Maj

4 His gracious Maj walks towards the el

5 3 liveried servants trailing- one carrying a large baboon? Another with 3 large french poodles and another behind carrying the large parrots? cage

6 ~~How much was there? where is it?~~

7 where are they

~~Perfectly safe~~ the works of art your Maj are in Geneva, ~~there the~~ 5 carloads waiting for your further instructions. Yes yes that 2 carloads of your securities which I have deposited at the bank, in a safe deposit in the bank of [xxx] King Shhhh, Prime Minister, we'll go into those details later

sp]

In fact C has taken over

Free sp. No longer exists in fact he has already suppressed
several of my newspapers

S you're also in the newspaper business

Well I have a slight interest

Would you kindly tell me what you don't own?

Only as a guidance - of moral [xxx] and a [xxx] for good

you got it.

In all seriousness, ~~the country is in dire cire~~ we need
you, they're fed up with this S.

Well what you want me to do?

Come back

That's all very well - but how?

Simple - good public relations - editorials play up your
character, your [xxx], your generosity, your charity, [xxx]
a politics. How we miss your guidance.

Oh I still own the radical ones, which of course is
confidential

Pest :

There is one character, the Minister of the Treasury,
The businessman, who comes to see the King and this man
owns everything. He tells the King Monsieur Gypont

You s B you upset the apple cart, now you want me back

Mr Gypont owns all the newspapers, all the [xxx]? mines
([xxx] with iron to make us tough)

l The country needs you your Majesty

You mean you need me. Don't put it on that country basis.

I'm putting on the basis of a patriot because I love my
country - as a man who loves his country.

I speak on behalf of the people - the country is in dire
circumstances

Mr Gypont has arranged this revolution ~~to get his~~ by
creating the opposition [the King as just [xxx] out that]
in his newspapers. The King doesn't even know that he owned
those newspapers.

Show him as a great friend

He has come on a mission

While the X king has been in Xile, the new man in [xxx]?
has instigated [xxx]

Shut down in his newspapers became the opposition. This new
guy has gone too far and won't play ball. The new Pres has
closed down the newspapers that have criticised him. The
King says So you're also in the newspaper business. If he's
confiscated your newspapers

how do you think I'll get back into the country

Well I still have an interest in all radical papers,
leftist, which of course is confidential

You mean to tell me you've been fooling the public all
these years - you swine - you mean to tell me you own all
these papers? And all the time it was you that owned those
papers that started the revolution against me! That's the
kind of patriot you are!

I knew you owned. Will you kindly tell me what you don't
own

You swine. To think you've been fooling the public all
these years, playing Jack against Jill.

there is an editorial in the newspaper that states "We want our Beloved King Back"

So they want me back eh, evidently things can't be going so well at home. Something strange has happened, do you realize there have been no more attempts on my life

Well I'm not going back. Not this little cookie, I've had enough of politics

That newspaper and by that SOB. And I never knew it

What's this

The? Argosy? has been suppressed. President Uberall has confiscated the Argosy, which was secretly owned by Mr Mortimer Gypost

That Dirty Gypost. Was the cause of me losing my throne. And all the time he professed being my friend
